Baldy King

Sales Manager

Baldy is a renowned floor-covering expert with extensive knowledge of products and installation. He has specialised in all types of floor coverings for many years and his knowledge, reputation and skill in the industry is exceptional.

Justin Jordan

Store Manager - Butler

Justin has returned to Parrys after a 10 year' absence. Being one of the selling staff in Parrys original City West store, he has fine-tuned his selling and management skills in an alternative retail market.

Alain Aliphon

Store Manager - Malaga

Alain has lived the last 36 years surrounded by quality flooring. His extensive knowledge of all flooring types has made him one of the most sought after Flooring Sales specialists in Perth.

Syed Raihan

Store Manager - Myaree

Syed has been with Parrys for the past 7 years and was an integral part in setting up and running our new store in Baldivis for the past 5 years. Now the Store Manager at Myaree, Syed uses his 19+ years' flooring experience to great effect.

Shane Kynaston

Store Manager - Baldivis

Shane brings over 25 years' of experience in the flooring industry both as a sales person and storeowner. Spending plenty of his time between Queensland and Perth has allowed him to develop a wealth of experience in flooring styles.

Ally King

Flooring Solution Specialist

Ally's ability to sincerely empathise and listen to the needs of her customers are the keys to her success. With a strong positive attitude, enthusiasm and integrity, Ally understands the importance of keeping communication open and honest.

John Feasey

Flooring Solutions Specialist

John is our newest member of the Parrys Sales Team and spreads his wings far and wide working across a number of the stores. He has an extensive retail selling background working exclusively with furniture and other home goods.

" It is with much pleasure
that we share with you
the second edition
of 'BELLA', Parrys
exclusive magazine
dedicated to flooring.

Ian Minotti
General Manager

"

welcome

What a great response we have had from the people of Perth with our new magazine, BELLA hitting the streets in September, just in time for Spring.

We would like to thank all of you who have offered support, kind words and requests for flooring information that we can use in upcoming issues.

Our latest edition of BELLA launches into our SUMMER season with a look at some wonderful flooring and tips on how to make the most out of your flooring solution.

Just remember, all of our Sales Staff at our five stores across Perth are specialised in all flooring types and, depending on your situation, can suggest the best flooring solution to suit your needs, décor and budget.

Be it the installation of a floor to a new home floor, a long overdue renovation, an investment rental property that needs a quick overhaul or you are selling your home and just need to add a bit of freshness and colour to get the best price, you can be sure that Parrys has all of the products at a range of fantastic prices to suit everyone's needs.

So slip off your shoes, grab a refreshing beverage and take a look at our latest issue of BELLA, we are sure you will enjoy it.

By considering the following factors, you will be on the right path to making an informed decision.

new home solutions Carpets

NEW HOME SOLUTIONS – CARPETS

As many of you are aware, building a new home is a long process and the old adage certainly rings true - you always build from the floor up. Taking your time and making the correct decisions about your new flooring is very important and at Parrys, we have the expertise in Carpets, Timbers, Laminates, Hybrid flooring and Vinyls. No matter your décor, style or budget, our experienced team will work with you every step of the way and offer a range of new home solutions that look and feel fantastic.

Gold Class

Your new home is a work of art and a sizeable investment for the future and your carpet should reflect this same attitude. To achieve a luxurious look, we recommend selecting

a *high quality Plush or Twist Pile carpet* with weight of 50 ounce or more. Alternatively, you could also try a Textured Loop Pile with distinctive features or patterns and there are also some fantastic *High Level Loop Pile Wool carpets* which ooze comfort, sophistication and class.

And don't forget, what's beneath the surface also counts. By upgrading your underlay from our Platinum to Gold, you will enhance the feel under your feet but also gives a better protection to the carpet you have purchased.

ASK OUR FLOORING SOLUTION SPECIALIST ABOUT:

Parrys Touch of Dreams, College Park, Horizon, Provincial Twist, Rocky Point, Dakota Twist and Palatial Twist ranges. Also enquire about our Parrys Gold Comfort+ Underlay.

Silver Class

If you are slightly more budget conscious and are looking to save some money for other parts of your new build, you can still invest in a fantastic new floor by selecting a mid-weight *high quality Plush or Twist Pile carpet*. No matter your style, you will be spoilt for choice with our wide range of finishes and colours. Added stain resistance is also a benefit.

ASK OUR FLOORING SOLUTION SPECIALIST ABOUT:

Parrys Touch of Freedom, Hamilton Twist, Afghan, Barony, Chesters Mill and Silken Touch ranges.

Bronze Class

For those of you looking for an inexpensive, yet fashionable flooring solution, look no further than a hard wearing *loop pile carpet*. If you still like the look of a *plush or twist*, you'll be pleased to hear that there are some light to mid-weight choices that can still making a lasting first impression without sacrificing comfort and style. With a large range of patterns and their ability to handle high traffic areas, these carpets are an ideal choice.

ASK OUR FLOORING SOLUTION SPECIALIST ABOUT:

Parrys Madeira, Crown Twist, Mississippi, Alambra, Barcelona, Silhouette, Rustic Style, Ventura, Pardoo, Castle Rock and Riverside ranges.

Vinyl flooring for new homes

NEW HOME SOLUTIONS – VINYL

Vinyl flooring certainly has come a long way over the last few years and there have been massive advances in technology, designs and durability. Now a viable flooring choice for every budget, we have a wide range of beautiful vinyl solutions available for you

Gold Class - Luxury vinyl

A product that is taking the world by storm as an alternative to timber is the luxury vinyl plank. At 5.3mm thick, this loose lay plank provides superior and supportive comfort underfoot and boasts excellent acoustic properties making it a popular choice for homeowners and investors alike. With a fibre glass reinforcement built in for superior stability, this plank is also suitable for wet areas, so you really cannot go wrong. Available in a large range of timber looks, and including a 20 year residential warranty, it comes as no surprise that this is quickly becoming a firm favourite amongst our customers.

ASK OUR FLOORING SOLUTION SPECIALIST ABOUT:

Parrys Cushionwood Supreme or Luxlay Collection range of flooring.

Hybrid

Hybrid flooring is one of the latest innovations in flooring. Hybrid planks combine the rigidity and durability of laminate and the waterproof properties of vinyl to create a rigid floating floor that can be laid anywhere in the house.

With a wide range of styles and products on offer.

ASK OUR FLOORING SOLUTION SPECIALIST ABOUT:

Maxi-7 Plank, Poseidon Hybrid and Parrys Rigid plank collection.

Silver Class

For those of you who are on a bit more of a tighter budget, we recommend you take a look at our range of 2.0-2.5mm luxury vinyl tiles and planks. Ideal for all areas within the home, this range is very durable and as they are also designed for commercial applications, you know you are getting a quality, hard wearing product.

With a huge range of colours available, we are sure to have the perfect finish to take your décor to the next level. Make sure you ask our Flooring Solution Specialist about Parrys Affinity, Superplank, Voyage, or Frontier ranges.

Plus, if you'd like to see a modern and high performance hybrid flooring solution, ask our flooring specialist about Parrys Fusion collection - a 6mm option that features the latest in innovative hybrid flooring.

RESILIENT FLOORING

4m WIDE – SHEET VINYL

FROM **\$22.90**m²

Quick and easy flooring cut off a 4 metre wide roll. No hassles, no fuss, perfect for heavy traffic areas. Easy maintenance and cleaning.

EASY DIY

LUXURY VINYL PLANK

FROM **\$18.90**m²

Ranges from DIY 'Peel & Stick' directly to the concrete floor to commercially glued down vinyl planks.

FINISHES

ASK ABOUT OUR

WOOD, TILE & GRANITE LOOK FINISHES

In both the sheet vinyl and vinyl plank ranges there is a variety of finishes. Traditionally wood look flooring is the most popular but ask about our tile and granite looks as well if that is your desire.

Timber & Laminate

for
new homes

NEW HOME SOLUTIONS - Timber & Laminate

They say there's nothing quite like a first impression, and that is why many new home builders are turning towards timber and laminate as their flooring of choice.

Gold Class

There is nothing quite like the look of a classic timber floor but unfortunately for many, the expense puts it out of reach. Thankfully, you can still get the authentic look you desire at a fraction of the cost with our amazing Engineered Timber boards. Hardwearing and easy to clean, our engineered timber range is perfect for those with children and pets, and is available in a large range of Australian and Overseas Species.

ASK OUR FLOORING SOLUTION SPECIALIST ABOUT:

Parrys Monarch, Australiana and Hermitage Engineered Timber ranges.

Silver Class

Laminate flooring for your home is a great way to achieve a wood-like look. This option is an inexpensive and durable alternative to hardwood flooring. This flooring is made from at least 4 layers of material to form a firm and durable type of flooring.

At the top of the spectrum, 12mm laminate flooring offers more durability and a more natural feel but also comes in at a higher cost than the thinner options. For people looking for that hardwood underfoot feel, the 12mm laminates match up perfectly.

ASK OUR FLOORING SOLUTION SPECIALIST ABOUT:

Parrys Cambridge Collection, Evolution Gloss and Duchess Collection ranges.

Bronze Class

Durable and easy to maintain. Imported Laminate comes in a large variety of colours to compliment your home furnishings. Imported laminate flooring includes a scratch resistant coating and hydrophobic HDF core. The easy DIY click flooring system saves on installation costs and is ideal for the money conscience home builder. This product is suitable for children and pets.

how to
clean & look after

Timber & Laminate flooring

CLEANING & MAINTAINING LAMINATE & TIMBER FLOORING

Cleaning your floors

Keep your laminate floors shining beautifully with these simple and easy cleaning tips.

Easily remove dirt and dust with a dry dust mop and if required, vacuum with the hard floor attachment of your vacuum cleaner or wipe occasionally with a lightly dampened cloth mop.

For dirt that is more difficult to remove, use a slightly moist cloth and wipe the surface afterwards with a clean, dry cloth. Under no circumstances should the flooring be wet mopped and laminate cleaners should not be sprayed directly on the flooring, as this may cause the joints to buckle and lift due to excessive spraying,

instead spray it onto a cloth before applying to the stain.

For heavier cleaning, mix household vinegar and water, or household ammonia with warm water. Do not use harsh or abrasive cleaners, soap or detergent based cleaners, wax-based products, or any type of polish on laminate floors, this will cause your floor to look dull and will leave a filmy residue.

If a stain remains, you may remove the worst stains with acetone or denatured alcohol on a soft cloth without bleaching or damaging the floor. Nail polish remover that contains acetone can be used sparingly.

Maintaining your floors

To maximise the durability and beauty of your laminate floor, we recommend the following practices as part of your floor's normal care and maintenance:

- Wipe up accidental household spills immediately with a clean dry cloth.
- Place a doormat outside exterior entrances to collect excess moisture and dirt and stop it from getting on your floor. Dust and dirt such as sand and grit will not only make the floor dirty but can cause premature wear and tear and scratches.
- To prevent scratching from excess dirt and dust, dust-mop (dry and clean) or vacuum the floor regularly.
- Use only colourfast and non-scratch carpeting or pads on your floor.
- Avoid sharp or pointed objects with concentrated weight such as high heels on your floor.
- Use protective furniture coasters and felts pads under furniture legs.
- Rearrange furniture occasionally for increased indentation resistance.
- Do not treat or seal laminate floor panels after they are installed. The floor must not be waxed, varnished or polished. Do not use steel wool or abrasive cleaning methods on the floor panels after they are installed, as it will damage the surface layer of the floor.
- Never sand, lacquer, or refinish laminate flooring surfaces.
- Never use steam cleaners on a laminate floor, as they will swell the boards' joints from the heat.
- Never wet-mop the floor as it will cause swelling of the joints.

how to remove stains & marks on carpet floors

FOR EASY STAIN REMOVAL, SIMPLY FOLLOW THE INDICATED SEQUENCES AS DIRECTED BELOW:

Is your carpet looking a little dirty and stained? Follow our easy guide to removing stains to give your carpet a new lease on life.

Getting red wine out of carpet

Red wine is notorious for making its way onto clothing and carpets, and for being a pesky stain to lift. To remove the spillage from your carpet, try using the following method:

- Dab water into the carpet over the stain, press it dry.
- Add some detergent (use 1 teaspoon clear dishwashing liquid to 1 cup warm water), press dry.
- Add some more detergent, press dry.

- Dab water into the carpet, press it dry.

For more stubborn stains, try:

- Dabbing some detergent into the stain, pressing it dry.
- Putting some household ammonia (undiluted) onto the stain, pressing dry.
- Dabbing some detergent into the stain, pressing it dry.
- Finishing with some lukewarm water and pressing dry.

Getting nail polish off carpet

Nail polish may seem like it would be an incredibly tough stain to get out of your carpet, but the stain removal process is actually really simple. Just pour a touch of non-oily nail polish remover onto the stain and press down with a clean, plain white paper towel. Repeat the process if necessary.

Getting candle wax off carpet

Before you even try to remove candle wax off your carpet, grab an ice cube out the freezer and rub it over the wax to freeze it hard. Once the wax is frozen, break it into pieces and vacuum it up. For a thorough clean, dab some drycleaning solvent on the wax residue and press it dry with a paper towel. Repeat this step as required.

Getting coffee stains out of carpet

The process of removing coffee stains from carpet requires nothing more than some detergent solution, some undiluted white vinegar, and a little bit of patience. Dab the stain with some detergent, followed by some vinegar, more detergent, and then some lukewarm water. Be sure to press the carpet dry with a white paper towel in between each step.

Getting paint off carpet

Different paints require different stain removal methods. So, before you tackle paint stains on your carpet, it's important to know what kind of paint it is you're trying to remove. For paint that is latex-based, you will need some detergent solution, household ammonia, and undiluted white vinegar. Work on the stain by dabbing with detergent, ammonia, vinegar, and then more detergent, pressing dry in between each application. For oil-based paint stains, dab some dry cleaning solvent on and press dry. Follow that with some detergent solution, pressed dry, and finish up with some lukewarm water and another dry. If this process doesn't remove the stain, enlist the help of a professional carpet cleaner.

This table is a guide only to remove some common household stains. Remedies are recommendations only and the removal of these stains may not be complete. Seek professional assistance if stain removal is unsuccessful.

frequently asked questions

What is the best carpet?

Carpet selection is based on your personal taste and the needs around your home or office. A clear understanding of your needs will help you choose a carpet that is best for you.

By considering the following factors, you will be on the right path to making an informed decision.

Fashion vs function

- What is your style or décor theme?
- Do you want the latest colour options?
- Do you want a plain or textured effect?
- Do you want a functional, hardwearing carpet?

Outdoor/indoor environment

- Are the paths around your home or office sealed or unsealed?
- What is the likelihood of dirt and soil being tracked in?
- Do you entertain in some rooms more than others?

Children and pets

- Do you have a family that spends a lot of time at home?
- What are the high traffic areas around your home?
- What is the likelihood of staining (from mud, pets, food, etc)?

Is the carpet for a home or business environment?

- Do you want to create a certain style?
- In a business environment, does the carpet have to comply with any building regulations such as flammability?

What is your budget?

This is one of the most important questions of all!

Parrys prides itself in achieving great selections within all types of budgets.

How do I know how much I need?

Ideally, a copy of an architect's floor plan of your home will help our sales consultants achieve an extremely accurate quantity and price. Alternatively, you could follow our simple "how to measure" guide and bring in your measurements. If you don't have any sizes at all, that still is no hurdle for our experienced sales consultants. All of the above allow you to be able to make your selection, get accurate pricing*, and secure your sale on the spot.

* Some estimations could be subject to a physical site measure prior to finalizing pricing, cutting and installation.

EXPERT TIP

Choose your style of flooring that matches your expectations for your home like, will the area have a lot of foot traffic or not?

How wide is carpet?

The standard width for carpet in Australia is 3.66 metres; however, some styles of carpet can be produced in widths of 4 metres. The reason for this width measurement is that the machines used to produce carpet are constructed to allow 12 feet (or 3.66 metres) of carpet to be manufactured.

Who will install my new carpet?

Parrys will offer installation as part of the sales package or after-sales service. Installation should be discussed with your sales consultant during the sales negotiation.

Parrys offer a LIFETIME GUARANTEE on the installation of their floor covering^s.

All carpet should be installed on new underlay that is compatible with the quality, and proposed use of your carpet and otherwise in accordance with Australian Standards Association Carpet Installation Recommendations AS2455.

Do you need a special vacuum cleaner for different types of carpet?

It is important to vacuum your carpet thoroughly and frequently, particularly in high traffic areas. Vacuum cleaners fitted with micro filter systems ensure fine particles (such as dustmite allergens) are removed and stay in the collection bag, which is particularly important if you are dust sensitive.

We recommend that you use a different vacuum cleaner for different styles of carpet. For low cut pile carpets, we suggest a vacuum cleaner with a rotating brush that agitates the pile and loosens the soil for easier carpet maintenance. When vacuuming loop pile, cut-loop pile or berber carpet, we recommend that you turn the brush off or change the head to prevent excess fuzzing.

Ensure the vacuum is kept in sound mechanical condition and brushes are cleaned and replaced when worn. Regularly check and adjust the height of beaters (if fitted) to ensure the carpet is not damaged by excessive beating. Suction efficiency of vacuum cleaners is reduced considerably when bags are half full. Change or empty dust collection bags frequently and replace filters as recommended by the manufacturer.

Why does the colour of carpet look different at home?

Lighting can change your perception of carpet colour, making it look like particular areas are lighter or darker than others.

Also, during use, pressure on carpet pile causes the pile to lie in different directions creating the effect of "shading". This shading is a characteristic of cut-pile carpets (particularly solid colour). While affecting appearance, it has no detrimental effect on the performance of the carpet.

Will I see the joins in my floorcoverings?

Like the joins in your clothes and furniture fabric, this is the same for your carpet. Two cut edges coming together to make one surface. Different styles of carpet join better and are less visible than others. Unfortunately, nobody can guarantee joins that are completely invisible.

Does having carpet in a house increase airborne dust levels, thus increasing risk to people suffering from asthma and other dust-related allergies?

It has yet to be proven that there is a significant increase in the levels of airborne dust between carpeted and non-carpeted homes. More significantly, there is a misapprehension that having carpet in the home will increase in the exposure to dustmite allergens when in fact there are a range of other triggers in the home that can increase exposure and cause a respiratory reaction.

The Carpet Institute of Australia has provided an information sheet to assist consumers to better understand the issues related to Allergens in the home. Please visit their website at carpetinstitute.com.au

* The only condition of our carpet installation guarantee, is that your carpet must be installed on brand new underlay.

" I dealt with Baldy from start to finish. I was on a budget and had to get carpet installed ASAP. Being a warehouse, everything was in stock and there was a huge range of options available, where other big names were out of stock and ETA of a month. Baldy got me sorted straight away, booked me in for an install a week later. The easiest and most streamlined sale I have been involved in. Thanks Baldy and team **"**
